**Address:** Business School, Brunel Univeristy, West London, UB8 3PH, United Kingdom

To attend the workshop, please register to tGov. For further information, including registration to the workshop, hotel reservation and travelling, please consult the sections on services and registration on the website indicated above.

### Objectives of the workshop

- cross-fertilize among projects and contribute to community building among running FP 7 projects and a wider community
- learn which approaches, tools and technologies, and policy or participation areas are tackled in running FP 7 projects
- discuss future directions in the field – for research and practice.

Presentations of projects will focus on key objectives, methods, tools and technologies, and outcomes (expected) in their project.

Breakout sessions in groups will discuss future directions and how the community can be successfully developed.
